

## SAMPLE TASK: *...follow instructions at the bottom of the page.*

**TASK →**

THE DIAGRAM BELOW ILLUSTRATES THE PRODUCTION OF COLOURED PLASTIC PAPER CLIPS IN A SMALL FACTORY.

**INSTRUCTIONS →**

DESCRIBE THE KEY PARTS OF THE PROCESS AS SHOWN IN THE PICTURE.  
SUMMARIZE THE INFORMATION SHOWN IN THE PICTURE BY SELECTING AND REPORTING THE MAIN FEATURES, AND MAKE COMPARISONS / CONTRASTS WHERE RELEVANT.

**INSTRUCTIONS:**

A sample answer for this task can be found on the following page.

There are 9 sentences (1 - 9).

The first words are given for each sentence and they are all in the correct order.

Complete each sentence (1 - 9) by choosing the correct ending (a - p).

There are 7 endings that are incorrect – leave them blank, or put an X on the line in front of them.

Incorrect answers are either grammatically incorrect, or not appropriate for an Academic English text.

## **SAMPLE ANSWER:**

- (1) The diagram...      ☐      **a)** ...the clips come out, they must be controlled for strength.
- (2) There are...      ☐      **b)** ...of the stages involve actual preparation of the clips, while the other two consist of quality control before the clips are sent out from the factory to the retailers to be sold to the public.
- (3) Two...      ☐      **c)** ...which are determined to be unsatisfactory are rejected.
- ☐      **d)** ...the clips are put in packages and sent to stores for our purchasing.
- (4) To begin with, ...      ☐      **e)** ...shows the way how a small factory produces coloured plastic paper clips.
- (5) Once...      ☐      **f)** ...shows the steps in the production of coloured plastic paper clips in a small factory.
- (6) Clips...      ☐      **g)** ...these clips emerge from the moulds a quality control machine checks them for strength.
- (7) In the third stage of the process...      ☐      **h)** ...some worker gives liquid plastic into the moulds.
- (8) When this stage is complete...      ☐      **i)** ...the clips are packed and dispatched to the markets.
- ☐      **j)** ...molten plastic is poured into three different moulds depending on the colour required; colours are red, blue and yellow.
- (9) Finally, ...      ☐      **k)** ... so many steps, but we can divide them up into 4 groups.
- ☐      **l)** ...the groups are checked a second time to ensure that the colour mixtures are divided correctly into single colours and mixed colour batches.
- ☐      **m)** ...four main stages in the fabrication of these paper clips.
- ☐      **n)** ... , which are not satisfactory, are rejected.
- ☐      **o)** ...the clips are sorted by hand into two groups, mixed and single colours.
- ☐      **p)** ...we can see that into two groups, by hand, the clips are sorted.
